Tour and travel industry

known as a massive economic driver,
contributing over 5% to the national GDP and
supporting tens of millions of jobs

Tour and travel industry

contributes roughly **₹15.73 lakh crore $190 billion** to the national economy

$520 billion by the mid-2030s

PHASE 1 — REAL-WORLD TOURISM VALIDATION

OBJECTIVE

Before building the AI-powered tourism platform, acquire and serve the first 50–100 paying customers and gain a deep understanding of the Kashmir tourism journey from the customer's perspective.

REASON

We analyse the core idea through the lens of the customer—mapping their journey, capturing their perspective, and validating their experiences to build an impactful, long-term strategy.

Minimum pricing

working on feelings of tourist

core objective

Trust

After learning from the 50–100 paying customers, we use that real data to build the platform.

PHASE 2 — AI-POWERED TOURISM PLATFORM

OBJECTIVE

- Select budget, duration, hotel category, destinations, transport and experiences
- Get a personalised AI itinerary
- See transparent package pricing
- Customise their trip instantly
- Book through the platform
- Get AI-powered support throughout the journey

THE GOAL

Reduce unnecessary intermediaries, improve pricing transparency, personalise the experience, and make booking Kashmir tourism simpler.

Launch the platform

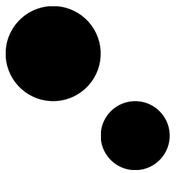

Drive customers:

- Performance marketing
- Ugc/Igc

Measure the impact

Improve
continuously
